Independent Auditor's Report

We have audited the accompanying statement of assets, liabilities, and fund balances arising from cash transactions of Henry County, Kentucky, as of June 30, 2001, and the related statement of cash receipts, cash disbursements, and changes in cash balances for the year then ended. These financial statements are the responsibility of the Henry County Fiscal Court. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, Henry County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the modified cash basis and laws of Kentucky, which is a comprehensive basis of accounting other than accounting principals generally accepted in the United States of America. The modified cash basis accounting system does not require an entity to maintain a general fixed asset group or a general long-term debt group of accounts.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and fund balances arising primarily from cash transactions as of June 30, 2001 of Henry County, Kentucky, and the revenues received and expenditures paid for the year then ended, in conformity with the modified cash basis of accounting described above.

To the People of Kentucky
Honorable Paul E. Patton, Governor
T. Kevin Flanery, Secretary
Finance and Administration Cabinet
Dana Mayton, Secretary, Revenue Cabinet
Honorable Tommy Bryant, Henry County Judge/Executive
Members of the Henry County Fiscal Court

In accordance with Government Auditing Standards, we have also issued our report dated April 29, 2002 on our consideration of Henry County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of Henry County, Kentucky. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Based on the results of our audit, we present the accompanying comment and recommendation, included herein, which discusses the following report comment:

- The County Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits

Respectfully submitted,

Edward B. Hatchett, Jr.
Auditor of Public Accounts

HENRY COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2001

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statements of Henry County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Based upon the application of the criteria stated in GASB 14, there are no component units which merit consideration as part of the reporting entity.

Additional - Henry County Constitutional Elected Officials

- Circuit Court Clerk
- County Attorney
- County Clerk
- County Sheriff
- Property Valuation Administrator

The Kentucky constitution provides for election of the above officials from the geographic area constituting Henry County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices.

B. Fund Accounting

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. The government uses funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Henry County Fiscal Court's Fund Types, a definition of each, and county funds included within each fund type are listed below.

1) General Fund Type

General Fund Type accounts for all financial resources except those required to be accounted for in another fund type. The Henry County General Fund Type includes the following county funds: General Fund, Road and Bridge Fund, Jail Fund, Local Government Economic Assistance Fund, and the Fair Fund.

HENRY COUNTY
NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

B. Fund Accounting (Continued)

2) Debt Service Fund Type

Debt Service Fund Type accounts for the accumulation of resources for the payment of general long-term debt principal and interest and include funds for the Revolving Loan Fund.

C. Basis of Accounting

For all fund types, the county utilizes a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received, except for the recording of long-term receivables and deferred revenue. Expenditures are recognized when paid, except for the recording of long-term obligations and amounts to be provided in future years.

D. Legal Compliance - Budget

The Henry County budget is adopted on a cash basis of accounting and laws of Kentucky as required by the State Local Finance Officer. The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

E. Cash and Investments

Cash includes amounts in bank accounts, and investments are stated at cost. Investments may include certificates of deposit on the financial statements; however, for the purpose of disclosing credit risk (Note 3), investments exclude certificates of deposit.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

NOTES TO FINANCIAL STATEMENTS

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

F. Related Organizations

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. Based on these criteria, the Library is considered a related organization of Henry County Fiscal Court.

Note 2. Employee Retirement System

The county has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a multiple-employer public retirement system which covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 7.17 percent. Hazardous covered employees are required to contribute 7 percent of their salary to the plan. The county's contribution rate for hazardous employees was 16.78 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is present in the Kentucky Retirement Systems' annual financial report.

Note 3. Deposits

The county maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. The county entered into a written agreement with the depository institution and met requirements (a), (b), and (c) stated above. However, as of June 30, 2001, the collateral and FDIC insurance together did not equal or exceed the amount on deposit, leaving \$266,273 of public funds uninsured and unsecured.

Note 6. Insurance

KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER
FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

EDWARD B. HATCHETT, JR.
AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky

Honorable Tommy Bryant, Henry County Judge/Executive
Members of the Henry County Fiscal Court

Report On Compliance And On Internal Control
Over Financial Reporting Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of Henry County, Kentucky, as of and for the year ended June 30, 2001, and have issued our report thereon dated April 29, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Henry County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under Government Auditing Standards and which is described in the accompanying comment and recommendation.

- The County Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits

Report On Compliance And On Internal Control
Over Financial Reporting Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards
(Continued)

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Henry County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management and is not intended to be, and should not be, used by anyone other than the specified party.

Respectfully submitted,

HENRY COUNTY
COMMENT AND RECOMMENDATION

Fiscal Year Ended June 30, 2001

NONCOMPLIANCES

The County Should Require Depository Institutions To Pledge Or Provide Sufficient Collateral To Protect Deposits

On June 30, 2001, \$266,273 of the county's deposits of public funds in depository institutions were uninsured and unsecured. According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with Federal Deposit Insurance Corporation insurance, equals or exceeds the amount of public funds on deposit at all times. We recommend that the county require the depository institution to pledge or provide collateral in an amount sufficient to secure deposits of public funds at all times.

County Judge/Executive Tommy Bryant's Response:

Have contacted banks. Will be more conscientious of this.
